We work with clients in more than 20 different business sectors across the UK and have experience in the public, private and voluntary sectors, supporting businesses from 10 to 10,000 staff. We deliver the high quality advice you expect from a traditional law firm at an economical fixed fee giving you peace of mind to concentrate on what you do best.

Why choose us?

Our clients work with us for a variety of reasons. For some it is about the fast, effective outcomes we deliver; for others it is about the fixed fee approach enabling you to proactively manage budgets and avoid the risk of unforeseen costs. Many of our clients value the way in which we work hard to understand their people, business and industry – to suit their own particular needs.

For all our clients, we are flexible and innovative in our approach – offering a range of service options to suit your own particular needs.

“ From Farmfoods point of view Law At Work’s unique selling proposition is the effort and time that LAW has put into getting to know our business. They know what we’re about, who we employ, and how we run our company. We’ve a very small personnel department given the size of our workforce and we need, and get, advice that’s expressed clearly and simply, and geared to our commercial aims. ”
